The screenshot displays the 'Software CTI WEB Phonebook' interface. At the top, a 'Desktop' window shows a central status window with the following information:

- Time: 20:47:28
- DeskPhone extension: 2012-09-26
- Status: CONNECTED 0725737222
- Name: Adams Margaret
- Extensions: Extension 101, Extension 102, Extension 103, Extension 104, Extension 105, Extension 106

Below the status window are icons for 'Personal Agenda', 'Internal Agenda', 'Common Agenda', 'Advanced filter', 'Options', 'Events history', 'Users', and 'Hung up'.

The main interface is titled 'Adams Anderson (Personal Agenda)'. It features a contact list on the left and a detailed contact view on the right. The contact list includes:

- Adams Anderson (LUCKY TOUR COMPANY)
- Adams Aubrey (ICETECH COMPANY)
- Addams Basil (AS PIN)
- Addams William (SZAKAL METAL)
- Adele Madison (ICETECH COMPANY)
- Berry Allan (FOLK TRAINING)
- Berry Allan (LUCKY TOUR COMPANY)
- Brendan Benson (LEED TECH & IT)
- Bush Berry (MOTOR BIKE)

The detailed contact view for Adams Anderson shows various communication options: E-mail, Phone, SMS, CTI phone, Skype, and Close. It also lists contact information such as phone numbers, company mobile numbers, and email addresses.

At the bottom, there is a 'Personal agenda' section with an 'Add / Edit contacts' toolbar and a table of contacts. The table has columns for Name, Company, Department, and Job title. An 'Import contacts' dialog box is open, showing options to import from memory, file, VCards, or Outlook.
